

M/V DREAM

NETFLIX & SPOTIFY INSTRUCTIONS

NETFLIX ON ENTERTAINMENT iPADS

1. Wake up iPad by pressing the top right button.
2. Press the home button to unlock iPad.
3. Press on the Netflix App icon.
4. When asked select one of the available accounts: Dream 1 is reserved for Owner, Dream 4 is reserved for the Cinema, Dream 2 and Dream 3 are free for guests plus one special account for kids.
5. From the main menu you can navigate to content. Alternatively on top right button there is a magnifying glass icon for search.
6. When you have selected a movie and have initiated playback, press the icon for Airplay  and select the corresponding area name. ***If you are located in the Cinema press the cast icon  and select cinema Chromecast TV.*** Caution should be exercised to select the correct apple TV device or you might be streaming to another cabin.

7. The screen of the iPad will change. From there you can control the movie (seek function), pause or stop.
8. Select the dialogue icon in order to change audio language and select subtitles
9. After finishing watching press Airplay icon and select ipad to disconnect from Airplay or if you are in cinema press Chromecast icon and select disconnect.
10. Double click the home button and swipe away the Netflix application to close it
11. After finish watching don't forget to shut down the room from the bottom left icon of the Crestron cabin iPad.

SPOTIFY ON ENTERTAINMENT IPADS

1. Wake up iPad by pressing the top right button.
2. Press the home button to unlock iPad.
3. Press on the Spotify App icon.
4. Choose a library–playlist from the pre-downloaded content OR press search to search for any music.
5. Press the title bar to bring up the track player and control the music.
6. Press “Devices Available” under the Play/Pause button to stream music to the speakers of the room via Airplay or Chromecast (Cinema only).
7. Press on more devices to select the appropriate Airplay device.

ACCESSING NETFLIX AND SPOTIFY ON APPLE TV

1. Select menu **Watch** on the control iPad and then **Apple TV**. If you are in the Cinema select **Game** instead.
2. The TV/Screen will switch to the Apple TV screensaver. For control you can either use the crosspad on the iPad or the Apple TV remote for easier access. By pressing the back button on the remote you will enter the Apple TV main menu.

*Note: remember to adjust the sound according to the type of content playing back by selecting menu **Room** on the Creston iPad and then **Settings**.*
